Serg did an amazing job, capturing all the most wonderful moments of our special day. We had a very smooth communication from the beginning, and the shooting of the day was seamless; Serg was taking pictures restlessly all day. I liked the fact I could focus on things around me and Serg was capturing it all. The images we have received are exactly what I wanted: the colors, the ambiance, and mood, how naturally our emotions were captured – it is what I was looking for in a photographer and was happy to have found it in the work of Serg. I would definitely recommend Serg for his professionalism and amazing quality of work. Thank you so much!
